Job Title: Solar Project Manager

Company: Deep Tara Enterprise LLP

Location: Matunga West, Mumbai

Industry: Solar EPC (Engineering, Procurement & Construction)

About Us:

Deep Tara Enterprise LLP is a growing Solar EPC company committed to delivering reliable, efficient, and innovative solar energy solutions to Commercial & Industrial (C&I) customers. We are looking for a dedicated **Project Manager** to lead the execution of rooftop solar projects and help us power India's transition to clean energy.

Key Responsibilities:

- Lead end to end execution of rooftop solar projects for C&I customer, ensuring project scope, schedule, budget, and quality requirements are met.
- Coordinate site assessments and system design and finalise it with customer.
- Develop and manage project plans including scheduling, budgeting, and resource allocation.
- Manage procurement, installation & commissioning activities.
- Monitor project progress, track key performance indicators, and implement corrective actions as needed to mitigate risks and delays.
- Coordinate with liaison partners to ensure timely completion of net metering formalities.
- Prepare and submit progress report, project handover documentation.
- Perform any other responsibilities as assigned by the organization.

Qualifications & Skills:

- **Bachelor's degree in engineering with 4-6 years of experience** in solar projects covering all phases from planning and execution to completion and handover.
- **Preferred:** 1–2 years of hands-on experience as a Site Engineer in solar power projects.
- **Strong leadership abilities** with a proven track record of motivating teams, effectively delegating tasks, and fostering a collaborative work environment to achieve project objectives

Salary: No bracket for exceptional candidates.

(Salary will be commensurate with experience and expertise.)
